

The ways to overcome the barriers

(Results of the Questionnaire)

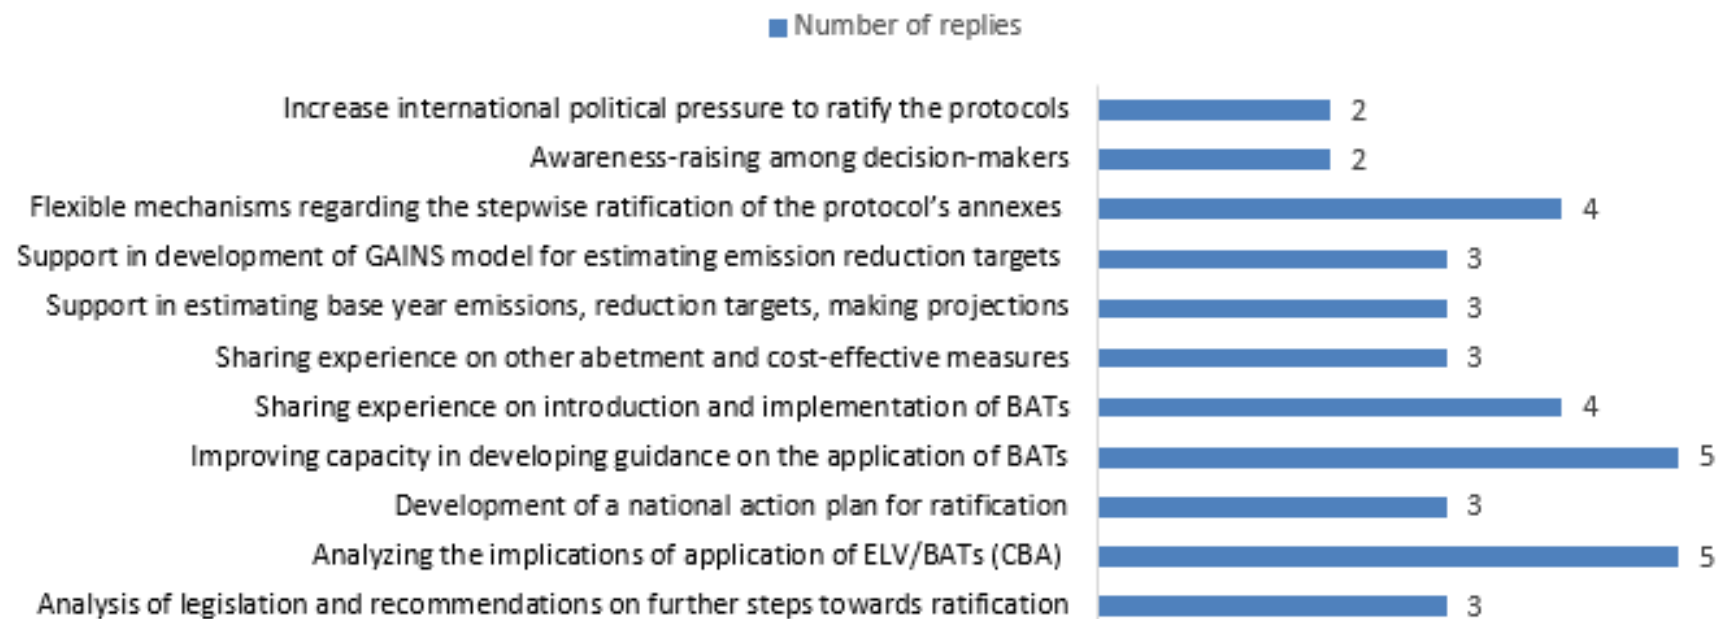

Sub-session: "Clean air in EECCA region"

KETEVAN KORDZAKHIA, UNECE
6TH "SALTSJOBADEN" WORKSHOP
19-21 MARCH 2018, GOTHENBURG, SWEDEN

Need for technical support in improving reporting on emission inventories

Ways to overcome the barriers towards ratification

What needs to be done?

- Raise political profile of the Convention among decision-makers
- Advice on adjusting national legislation to reflect the requirements of the protocols
- Exchange information and experience on BATs and other cost-effective measures
- Facilitate cost benefit analysis (CBA)
- Train national experts on the specific requirements of the protocols
- Improve emissions inventories and develop emission projections

Thank you for your attention !
